There has not been any better time to take advantage of an affordable Euro. This very cosy and warm feeling chalet style hotel with all commodities offers a pool, sauna, hammam, inside and outside jacuzzi. The management has offered us a very special deal for you to invite your special one at rock bottom price. Hotel guides have top rated the restaurant. Chamonix is reputed for its ski possibilities like the area of the Grands Montets and its 2000m difference in level slope down skiing without having to grab a lift. Tickets are available right at the hotel desk. A ride to the mythical Vallée Blanche is on the agenda and snowshoe trek can be organized. Although it is located in France, travelling times are very reasonable.
